Slide-O-Mix Trombone Lubricant / Rapid Comfort

1. Identification of Substance:

Product information: Slide-O-Mix Trombone Lubricant / **Rapid Comfort**
Company: Slide-O-Mix Königs GmbH
Unterrather Str. 25
D – 40468 Düsseldorf
Telephone.: ++49 (0)211-54371111
Telefax: ++49 (0)211-54371180
Usage: trombone slide lubricant

2. Composition/Information on Ingredients:

aqueous emulsion of saponified fats with Polydimethylsiloxane

3. Hazards Identification:

Risk advice to man and environment: none under normal use

4. First Aid Measures:

Skin contact: In case of skin contact remove product mechanically
Eye contact: rinse with plenty of water
Ingestion: obtain medical attention

5. Fire Fighting Measures:

Suitable extinguishing media: non flammable

6. Accidental Release Measures

Environment precautions: Do not flush into surface water or sanitary sewer system
Methods for cleaning up: Soak up with insert absorbent material (e.g. sand, silica gel, acid binder, universal binder, sawdust)
Sweep up and shovel.

7. Handling and Storage:

Handling: Advise on safe handling: no special precautions.
Storage: Requirements for storage areas and containers: no special precautions

8. Exposure Controls/Personal Protection

Personal protective equipment
Hand protection advise: There is no risk to health due to contact with the chemical.
Eye protection: n.a.
Hygiene measures: n.a.

9. Physical and Chemical Properties

Appearance:
Form liquid
Colour white solution
Odour slight odour
Safety data:
Boiling Point/range > 100°C
Flash Point > non flammable
Ignition Temp > non flammable
Vapour Pressure < as water
Density ca 0,98
Solubility/qualitative solubility in Water: ca 84%
Viscosity kinematic ca. 10mm²/s at 25°C

Safety Data Sheet

According to EG Directive 2001/58/EG
Revision Date 01.04.2007

10. Stability and Reactivity

Further information: Measurements at temperatures above 150°C in presence of air (oxygen) have shown, that small amounts of formaldehyde are formed due to oxidative degradation.

11. Toxicological Information

Acute oral toxicity: can cause nausea and vomiting
Skin irritation: can cause slight reddening of skin for allergic persons
Eye irritation: in case of longer eye contact slight reddening of eyes
Inhalation: not applicable
Human experience: According to current knowledge, Polydimethylsiloxanes are not physiologically a problem; but contact with eyes can cause short time, harmless, reversible blurred vision, due to the formation of an oil film on the eye. According to a certificate from our public health office, there are no sanitary objections.

12. Ecological Information

Ecotoxicity effects:
Toxicity to fish: LC0
Species: Leuciscus idus
Dose: 200mg/l
Exposure: 96 h
Toxicity to bacteria: LC0
Species: pseudomonas putida
Dose: 10.000 mg/l

13. Disposal Considerations

Product: can be incinerated when in compliance with local regulations.

14. Transport Information

Further informations: Not dangerous for transport. Keep away from food stuffs and animal feed.

15. Regulatory Information

Labelling according to EEC directives: No labelling according to the German Dangerous Substances Regulations and the corresponding to EU-Directives.

16. Other Information

Further information:
The information provided in this Safety Data Sheet is correct to the best knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification.
